2013 Convocation and Testimonial Dinner
Honoring Women in Podiatry
Grand Hyatt Hotel in Manhattan
Thursday, November 14, 2013
We are proud of our partnership with the New York College of Podiatric Medicine and it is our pleasure to continue our support of the NYCPM Student Scholarship Fund!

Our heart-felt congratulations to Dr. Susheel Bathla, Dr. Kathleen Reilly Fallon, and Dr. Halina Semla-Pulaski as they are honored for their distinguished work!

Dr. Bradley W. Bakotic and the entire team at Bako Integrated Physician Solutions

We ARE podiatric pathology and therapeutics!
A Message from the President
Louis L. Levine

I am very pleased to welcome you to NYCPM’s 2013 Academic Convocation and Scholarship Benefit Dinner, and to have the opportunity to offer my congratulations, gratitude and good wishes to tonight’s distinguished honorees. Tonight’s event is one of a handful during the year at which we come together to show our support for the College in very tangible ways. Our presence here reflects the strength of the bond we feel with NYCPM, as alumni, faculty, administration or friends of the College. For each one of us, the College occupies a special place in our lives.

This is an event that has taken on increasing importance for the College in today’s economic climate. It has become much more than simply an enjoyable event to attend. It has become one of a few key events during the year at which the alumni and friends of the College can tangibly demonstrate their pride and their confidence in this institution, while at the same time helping to strengthen it through their attendance and participation.

We are assembled here tonight to honor three women who have made significant contributions to the College as well as to the fields of podiatry and podiatric medical education, through their service on the NYCPM Board and through their work in the community:

Susheel Bathla, DPM, CEO of Staten Island Podiatry, a 30-year-old practice in Staten Island, NY. Dr. Bathla also serves as a doctor of primary podiatric medicine within the practice, and also has two additional offices, one in Brooklyn and one in Jamaica, New York.

Kathleen Reilly Fallon, DPM, a Board-Certified Wound Care Specialist and Foot & Ankle Specialist. She has worked at the Midtown Health Center in Manhattan for the last 16 years, and for over 10 years at St. Vincent’s Midtown Hospital and St. Vincent’s Family Health Center as a doctor/surgeon, as well as a Clinical Supervisor, Department of Surgery.

Halina M. Semail-Pulaski, DPM has been in private practice since 1990, maintaining offices in Copiague, NY and Brooklyn, NY. Earlier, she served as Medical Lab Director, Medical Technologist, and Senior Medical Technologist at such institutions as Glubczyce District Hospital, in Kietrz, Poland; Long Island Jewish Hospital/The Hillside Medical Center; and Nassau Hospital (now Winthrop University Hospital).

Each of these three women has in her own way had a major and lasting impact on the College that we are acknowledging tonight.

Your presence here is very much appreciated. On behalf of the entire College community, I thank you for your support of the New York College of Podiatric Medicine.
Board of Trustees
Stanley S. Mandel, – Chairman
Rock G. Postano, DPM, MSc., MPH, – Deputy Chairman
Keith A. Greathouse, – Secretary
Eugene H. Webb, – Treasurer
Andrew A. Alberti
Susheel Bathla, DPM
Gabriel P. Caprio
Jordan Heller
Peter J. Norton
William G. Raisch
Kathleen Reilly Fallon, DPM
Halina M. Semla-Pulaski, DPM, DABPO PPM

Officers of the College
Louis L. Levine, M.A., L.H.D.,
President and Chief Executive Officer
Joel A. Sturm, B.A.,
Chief Operating Officer
Michael J. Trepal, D.P.M., F.A.C.F.A.S.,
Vice President for Academic Affairs and Dean
Mark H. Swartz, M.D.,
Vice President, Medical and Professional Affairs,
Medical Director, Foot Center of New York
Desander Mas, B.A.
Vice President, Development and Operations
Greg Onaifo, M.B.A.,
Vice President for Finance
Evan Kobolakis, M.S.
Vice President of Information Systems

Academic Staff
Michael J. Trepal, D.P.M., F.A.C.F.A.S.,
Vice President for Academic Affairs and Dean
Alain O. Silverio, Ed.M.,
Assistant to the Dean
Mark H. Swartz, M.D.,
Vice President, Medical & Professional Affairs
Robert A. Eckles, D.P.M.,
Dean, Clinical Studies & Graduate Medical Education
Eileen Chusid, Ph.D.,
Dean, Pre-Clinical Sciences
Laurence J. Lowy, D.P.M.,
Dean, Student Services
Jonathan A. Haber, D.P.M.,
Associate Dean for Special Academic Projects
Lisa K. Lee, M.A.,
Dean, Enrollment Management
Loretta M. Logan, D.P.M.,
Chair, Orthopedics and Pediatrics
Anthony Iorio, D.P.M.,
Chair, Community Health and Medicine
Randy E. Cohen, D.P.M.,
Chair, Radiology
Thomas M. DeLauro, D.P.M.,
Chair, Medical Sciences
Kevin T. Jules, D.P.M.,
Chair, Surgical Sciences
NYCPM is Affiliated with the Foot Center of New York

History of the College

The Field of Podiatric Medicine is Born

Until 1885, chiropody was a craft. Its craftsmen were men and women who learned from their predecessors that by applying the skill acquired in training, they could alleviate pain and discomfort for those afflicted with minor foot ailments.

In 1905, the New York State legislature awarded chiropodists the right to organize and to determine the fitness of individuals desiring to practice chiropody.

By 1911, the New York School of Chiropody had been created, dedicated to educating and training chiropodists. Dr. Maurice J. Lewi, a physician and educator, then serving as Secretary to the New York State Board of Examiners, was named the first president of the school.

Dr. Lewi, an activist and leader in educational reforms, formulated the first legislation governing the practice of chiropody. Working in concert with a small group of educators, Dr. Lewi then devised curricula and training programs for the first course of study at the school.

He suggested the term chiropody be changed to podiatry as etymologically correct. Subsequently, the term podiatry was adopted by other colleges of podiatric medicine and by the American Podiatric Medical Association.

Podiatric Education Becomes Increasingly Rigorous

The admission requirement for the first class in 1911 was one year of high school education.

Over the years, requirements for entering students changed as the profession grew and demand for podiatric services expanded into specialized foot care and treatment programs requiring knowledge of general medical sciences, orthopedics and surgery. Educational preparation and clinical training programs were developed to meet these requirements.

In 1919, the College was renamed the First Institute of Podiatry.

By 1940, podiatrists had to possess a doctorate in podiatric medicine in order to take the licensing examination (required in New York State).

Today, entering students must have successfully completed a baccalaureate degree from an accredited college in the United States or abroad and have completed a number of specified science prerequisites.

Basic science prerequisites are important for the student of podiatric medicine in understanding and applying the scientific concepts and skills of the Doctor of Podiatric Medicine.

Independence and an Absolute Charter

From 1939 to 1955, the College was known as the Long Island University College of Podiatry. Upon dissolution of this affiliation, the College became an independent not-for-profit institution.

In 1957, it was renamed the M.J. Lewi College of Podiatry, in honor of its founder and first president. In 1969, an absolute charter was granted the trustees of the College by the Board of Regents of the University of the State of New York.

In 1972, the College received its current name, the New York College of Podiatric Medicine.
Rapid Growth

Located in the City of New York, the College had its first home at 125th Street and rapidly outgrew its quarters. Three successive moves culminated in the erection in 1927 of the present College building dedicated to podiatric medical education and clinical training. A building grant in 1976 from the U.S. Department of Health, Education and Welfare enabled the creation of a separate, new clinical training facility, an expanded, updated library and renovations to the existing College building.

Completed in 1978, the new facility, the Foot Center of New York, provides clinical services to the community and continues to be affiliated with the College. The largest center of its kind, the Foot Center of New York ministers to a wide and diverse patient load in nearly 25,000 patient visits annually.

In recent years, NYCPM has expanded into the international educational arena with twice-yearly programs for podologists from Spain; a program at Foot Center of New York for podiatry students from Canada, and an affiliation with their school in Quebec; an externship at the Sheba Medical Center at Tel Hashomer, in Israel; and prominent guest speakers from around the world. The College has also reached out to its surrounding community, offering foot screenings at numerous neighborhood health fairs, as well as at such events as the American Diabetes Association’s annual Diabetes Expo and the Central Harlem Health Revival.

Other College events instituted within the last two decades include the annual White Coat Ceremony for first-year students, held at the New York Academy of Medicine; an annual student-initiated, student-run Residency Fair, featuring representatives from over fifty hospitals; free diabetes workshops offered to members of the surrounding community; an annual student-initiated and student-organized inter-podiatric college research fair; an extremely active on-going series of Continuing Medical Education courses and workshops; and a Mini-Fellowship Program for surgical training of podiatry residents in the New York Metro hospitals.

The College has recently completed a series of renovations that have brought its classrooms and labs to the leading edge of medical education technology. A new Anatomy Lab and a new Clinical Skills Lab, as well as fully renovated classrooms, computer rooms, study areas and other College facilities, enable students to work in an environment optimized for learning and for study. An Interactive Medical Education Initiative, in which each student is given an iPad Mini in order to be able to interact with the College’s forward-thinking curriculum, enables students to consume the many digital assets at their disposal, such as Lecture Capture, Medical Videos, Lecture Handouts, and Notes. This “IME initiative” is reinventing the podiatric medical school curriculum, and NYCPM has become one of the first in the nation to offer a digital, interactive learning environment to its incoming students.

NYCPM is affiliated with a number of leading medical institutions in the New York City area, including the Columbia University College of Physicians & Surgeons, Harlem Hospital Center, Lincoln Medical & Mental Health Center, Metropolitan Hospital Center, Morrisania Diagnostic Treatment Center, Nassau University Medical Center, New York-Presbyterian Healthcare System, and Parker Jewish Institute for Health Care and Rehabilitation. These affiliations provide additional outstanding educational and clinical opportunities for NYCPM’s students.
Student Scholarships

NYCPM Scholarship

Podiatric Insurance Company of America Scholarship
This award is given to two senior students who have shown outstanding academic achievement.

Dr. Abraham & Franchi Lavi Surgery Scholarship Award

The STJ Orthotics Scholarship
Awarded annually by STJ Orthotics, a manufacturer of podiatric orthotics, and co-sponsored by a member of the orthopedics faculty.

The Sidney Solid Award
This award was named in honor of Sidney Solid, D.P.M., who named the College as his heir.

The Student Service Award
This award is given to one sophomore, junior and senior student as voted on by their class.

The Board of Trustees Award for excellence in leadership
Given to the student who was most effective in student government, the College and the podiatric profession.

The Emil Rose Award

The Joseph “G” Levitz, D.P.M. Clinic Prize
This award is given to a senior student who has shown clinical excellence in area of podiatric medicine as selected by the clinical faculty.

The Dr. Israel Goldstein Award
This award, formerly called the Maimonides Award, was established by an NYCPM alumnus, Dr. Israel Goldstein.

The President’s Award for excellence in the Pre-Clinical Sciences
Given to the 4th-year student with the highest scholastic standing in the pre-clinical years.

The President’s Award for academic and clinical excellence
Given to the student who demonstrated the highest all-around clinical excellence.

The Dr. Scott Azie Award

The Dr. Walter Green Memorial Award
Awarded by the Foundation for Podiatric Medicine for Academic Excellence

The Dr. Michael J. Valletta Award
Given for Leadership & Community Involvement

The American Board of Podiatric Surgery Award
Student Scholarships

At NYCPM, we make every effort to keep college costs affordable. We have a scholarship program that assists outstanding students from the time of admission all the way to graduation, with total awards in excess of $500,000 per year.

NYCPM’s Admissions Committee selects well-qualified candidates for admission. The most highly qualified candidates are offered merit-based scholarship awards ranging from $2,000 to $16,000, independent of any additional scholarship or grant awards that students may be receiving from other sources. The scholarships awarded to incoming freshmen are credited toward tuition and fees over the four-year program, subject to satisfactory academic performance throughout the program.

In addition, NYCPM offers a number of competitive scholarship awards, each based on specific selection criteria and application procedures, given to outstanding students each year throughout the D.P.M. program. Many of these scholarships are provided by outside organizations, endowment funds and Alumni. They vary in monetary value, criteria for selection, and semester in which awarded.

Some of the scholarships recently awarded have included the following:

**ACFAOM Timothy Holbrook Memorial Award for Orthopedics and Medicine**
This award is sponsored by the American College of Foot and Ankle Orthopedics and Primary Podiatric Medicine (ACFAOM).

**Dr. Leo S. Eannace Family Scholarship**
This award is given to the senior “…who has demonstrated unusual abilities in primary podiatric care.

**Jonathan Robertozzi Foundation Memorial Scholarship**
Sponsored by the NJ Podiatric Medical Society, this award is given to two junior students are New Jersey residents.

**APMA Educational Foundation Student Scholarship**

**J. T. Tai Foundation Scholars**
This award is given to sophomores, juniors and seniors who have shown academic excellence and community service.

**Steven Seifer Memorial Scholarship**
Initiated by Monroe Seifer, NYCPM Chairman Emeritus of the Board of Trustees.

**Dr. Elizabeth H. Roberts Memorial Award for Excellence and Empathy in Podopediatrics**

**Dr. Patricia Ellsworth Kopenhaver, B.A., M.A., D.P.M. Endowed Scholarship**
Vision and Mission Statement

Vision
To be an institution of excellence in the field of podiatric medical education.

Mission
It is the College's mission to provide, to students seeking careers as doctors of podiatric medicine, a comprehensive medical educational program specializing in the medical and surgical management of the lower extremity, with the ability to diagnose systemic diseases and their lower extremity manifestations. The College will prepare students for eligibility for Graduate Medical Education, licensure and practice. Furthermore, it is the College’s mission to promote state-of-the-art patient care in affiliated facilities, and to pursue research to continuously advance the art and science of podiatric medicine.

The College accomplishes this mission by striving to achieve the following goals:

I. Provide a quality educational environment based upon a comprehensive pre-clinical and clinical science curriculum.
II. Provide skilled and qualified faculty to deliver the educational program.
III. Recruit, accept, enroll and retain highly qualified students.
IV. Provide student services that support the podiatric medical educational program.
V. Develop quality graduate medical education leading to eligibility for Board Certification.
VI. Provide quality continuing medical education programs.
VII. Maintain existing and develop new affiliations with academic institutions, hospitals, extension/satellite clinics and/or community health centers to enhance the education of our students.
VIII. Support pre-clinical, clinical and educational research.
IX. Serve as a global resource to provide information and education on podiatric medicine.
X. Adapt the College to the ever-changing educational and health care environments to promote its educational quality and financial stability.
The M.P.H. Program at the Icahn School of Medicine at Mount Sinai is a course of study designed to prepare students to promote health, prevent disease, and protect the environment. In order to accommodate medical student class schedules including labs, classes are offered in the evening, after 4 pm, Monday through Thursday at the Icahn School of Medicine at Mt. Sinai. The D.P.M./M.P.H. Dual-Degree program prepares students to simultaneously achieve the goals of both programs, completing both degrees in as little as four years. All student participants have expressed a desire to become leaders in Podiatric Medicine and to obtain influential positions in health care institutions with which they will become affiliated after residency training.

Candidates for the Dual Degree Program must meet all eligibility requirements for both degree programs. Applicants meeting the requirements for participation in the dual degree program need not submit two applications, as acceptance into and recommendation by the Admissions Office at NYCPM will suffice. Students must maintain a B average in their course work at NYCPM to continue in the dually sponsored program.

Currently, there are seven students pursuing the dually sponsored degree, with two graduating in June of 2014. MPH students must complete 32 hours of didactic instruction, complete a 150-hour practicum, and perform meaningful research documented in a written thesis. Students’ interests are as diverse as the NYCPM student population itself, with some having an interest in clinic demographics, others in epidemiological screening of large populations for specific diseases, while still others are interested in global health, emerging pathogens and medical economics. There are tracks for all of these sub-groups within the program.

The program’s first two graduates are Michael Gazes and Emily Pepyne, both of whom will receive their DPM and MPH degrees in June. As trailblazers in the program, Michael and Emily proudly led the way for future generations of students. They earned the respect of Mount Sinai faculty members and formed life-long friendships with the Sinai medical students. Other students in the program are Yasha Mathur & Endri Afeslari (2015), Michelle Kaufman and Naeemah Ruffin (2016) and Yisheng Cao (2017).
The Abe and Franchi Lavi Clinical Skills Education Center, a facility critical to fully integrated instruction in pre-clinical and clinical skills, was completed in 2007. Its four main components are a Classroom, Patient Exam Room’s, Mock Operating Room, and an Audiovisual Room with a large flat-screen monitor.

The Bruce J. Frankel Conference Center, a multi-use facility with flexible seating for 50, was completed in 2007. Its uses include meetings, lectures, and receptions, among others. It includes a state-of-the-art electronic podium, a universal projector with a large flat-screen monitor, and it is equipped for buffet food and beverage service.

The Sidney Druskin Memorial Library, a facility renovated in 2010, comprises over 3,000 square feet, in addition to a related 46-station computer lab. It offers a continually expanding collection of online books and journals as well as those in print. The print journal collection includes access to over 200 podiatric, educational, and peer-reviewed journals, half of which are also available online through the library webpage. The Director of Library Services provides hands-on classes in using electronic and print resources.

The Bako Gross Anatomy Laboratory, completed in 2009, is comprised of a main laboratory and an auxiliary laboratory separated by movable glass partitions, permitting the two areas to be used separately or in combination. Video cameras enable work being done in the lab to be displayed and viewed across multiple monitors in the classrooms.

The Kerasal® Education Center includes flexible seating for 40, an electronic podium, and a large flat-screen monitor.

The Computer Lab adjacent to the Library, opened in 2013, offers upgraded computer equipment, along with the convenience of immediate proximity to the Library. For those wishing to study in groups, there is a separate group study space also with computer terminals.

The Fitness and Recreation Center is an exercise/recreation facility, equipped with Nautilus equipment, treadmill, aerobic equipment, free weights and more. It is open to students, faculty and staff.

The Pedinol® Lounge, renovated in 2010, is a multi-use facility, which includes four computer workstations and a large flat-screen TV with cable. It is often used by students for study and relaxation.

The Cafeteria serves breakfast and lunch, ranging from snacks and sandwiches to hot meals, with daily specials, including vegetarian selections, and a salad bar. A Meal Plan is available for those who use the cafeteria on a regular basis.

Two amphitheater-style lecture halls, with seating for 144 and 126 respectively, are each equipped with a universal projector with large, high-definition overhead monitors and wireless data transmission. Web-based live streaming video of lecture courses enables students to access digitally recorded lectures from any location.
Susheel Bathla, DPM is CEO of Staten Island Podiatry, a 30-year-old practice in Staten Island, NY. Dr. Bathla also serves as a doctor of primary podiatric medicine within the practice, and also has two additional offices, one in Brooklyn and one in Jamaica, New York.

Dr. Bathla has taught Education in Human Values for almost twenty years to pre-teen & teen students. She has been active in organizing and participating in health fairs and podiatry awareness events, and is a frequent visitor and service provider to soup kitchens, shelters in her New Jersey neighborhood, and several senior citizen homes.

Dr. Bathla received her BS degree in Medical Sciences, with honors, from Government College for Women, Punjab University, in India, and her DPM degree from NYCPM. She served her Residency at Long Beach Medical Center, in Long Beach, NY.
Kathleen Reilly Fallon, DPM is a Board-Certified Wound Care Specialist and Foot & Ankle Specialist. She has worked at the Midtown Health Center in Manhattan for the last 16 years, and for over 10 years at St. Vincent’s Midtown Hospital and the St. Vincent’s Family Health Center as a doctor/surgeon, as well as a Clinical Supervisor, Department of Surgery. She has lectured at St. Vincent’s for Medical Grand Rounds, and served on the hospital’s Executive Board. She is also an Executive Board member of the New York State Chapter – Northern Metro Division of the March of Dimes, and is Chairwoman of Heavenly Productions Foundation. She has authored several medical journal articles and published two books. In June of 2013, she received an award from the Knights of York for her service to the community.

Dr. Reilly Fallon was born in New York City, received her undergraduate degree from the College of New Rochelle, and studied at Oxford and Cambridge Universities, and at the University of London-Imperial College. She obtained her DPM degree in 1994 from NYCPM.
Halina M. Semla-Pulaski, DPM has been in private practice since 1990, maintaining offices in Copiague, NY and Brooklyn, NY.

Dr. Semla-Pulaski received her DPM degree from NYCPM in 1989. Earlier, she served as Medical Lab Director at Glubczyce District Hospital, Poland; Senior Medical Researcher at Long Island Jewish Hospital/The Hillside Medical Center; and Nassau Hospital (now Winthrop University Hospital) in Mineola, NY.

She also holds an MS degree in Analytical Medicine from Medical School in Warsaw, Poland and an MS in Toxicology from St. John University in NY.

Dr. Semla-Pulaski is a Diplomate of the American Board of Podiatric Orthopedics and Primary Podiatric Medicine-Specialty-Podiatric Medicine. She is a co-author of several scientific publications published in prestigious Medical Journals in Europe and the U.S. which concentrated on bone osteopenia. They resulted from research she conducted in the Metabolism Lab at Winthrop University Hospital in Mineola, NY.

Dr. Pulaski is a consulting Staff Member in the Department of Orthopedics at Winthrop University Hospital in Mineola NY. She is fluent in Polish, conversant in Russian and has a literary knowledge of Russian, German and Latin.
August 26, 2013

Louis L. LeVine
President and CEO
New York College of Podiatric Medicine
53 E. 124th St.
New York, NY 10035

Dear Mr. Levine:

On behalf of the American Podiatric Medical Association and its Board of Trustees, I would like to congratulate the New York College of Podiatric Medicine (NYCPM) and you for your continuing efforts to elevate podiatric medical education. The NYCPM administration, faculty, and students must also be commended for placing all of its Class of 2013 graduates into postgraduate residency programs. We would like to recognize and acknowledge the contributions made by the honorees of the 2013 NYCPM Convocation and Testimonial Dinner.

The advancement of the podiatric medical profession is driven by the individual and collective achievements of podiatrists and the podiatric medical community. NYCPM’s recognition of these significant accomplishments is quite appropriate and meaningful. Congratulations to the entire NYCPM Family!

Sincerely,

Matthew G. Garoufalis, DPM
President
Dear Friends:

I am honored to have the opportunity to congratulate the New York College of Podiatric Medicine as it celebrates its 2013 Convocation and Testimonial Dinner. I am grateful for the opportunity to recognize the exemplary medical care, excellent faculty and curriculum, and the leadership at the New York College of Podiatric Medicine. I am honored to recognize the leadership, faculty and tonight’s honorees for their commitment to podiatric medicine and healthcare for all New Yorkers.

For over 100 years, the New York College of Podiatric Medicine has been a pioneer in podiatric medicine, providing a comprehensive medical education for students interested in the clinical, surgical and academic studies of the lower extremity. As an institution of excellence since 1911, the New York College of Podiatric Medicine remains as one of the most prominent colleges of podiatric medicine in the nation. I applaud the commitment that the NYCPM has displayed over the years on behalf of its students, faculty, staff and all New Yorkers. As we recognize one of the nation’s finest and most distinguished medical colleges, I am honored to recognize it as its highlights the accomplishments of three outstanding women in podiatric medicine: Susheel Bathla, DPM, Kathleen Reilly Fallon, DPM, and Halina M. Semla-Pulaski, DPM.

I am honored to recognize tonight’s honorees, Dr. Bathla, Dr. Fallon and Dr. Semla-Pulaski, for their outstanding service to the community and excellence in podiatric medicine. These extraordinary doctors’ contributions to podiatric medicine have had profound impacts on the communities they serve. Due to their accomplishments and outstanding commitment to healthcare, they are receiving an honorary degree of Doctor of Humane Letters, New York College of Podiatric Medicine’s most prestigious award. I know that this institution will continue to grow and thrive and do great work for our country.

Again, congratulations and on behalf of all New Yorkers, I thank you for your dedication to the medical field and commitment to New Yorkers. I know that the New York College of Podiatric Medicine will continue to serve as one of the world’s foremost medical institutions of excellence for years to come. Best wishes on the 2013 annual Convocation and Testimonial Dinner.

Sincerely,

Charles E. Schumer
United States Senator
I am pleased to send greetings to the participants in the Annual Convocation and Testimonial Dinner of the New York College of Podiatric Medicine, and to join you in congratulating Susheel Bathla, Kathleen Reilly Fallon, and Halina M. Semla-Pulaski on receiving the honorary degree of Doctor of Humane Letters.

As President Barack Obama said in his inaugural address, “What is required of us now is a new era of responsibility -- a recognition on the part of every American that we have duties to ourselves, our nation and the world; duties that we do not grudgingly accept, but rather seize gladly, firm in the knowledge that there is nothing so satisfying to the spirit, so defining of our character than giving our all to a difficult task.”

In the United States, we’re working hard to implement a comprehensive vision for cradle-to-career reform because a better educated world is also a healthier world. We aim to improve early learning and K-12 education, to build a stronger workforce through postsecondary and private sector partnerships, and to prepare better global citizens. We also need to focus on educational quality, attainment, and completion. But the success of this work will rely on the courage and commitment of many people.

Thank you all for your commitment to education and for the work you do every day. Best wishes for a successful and enjoyable convocation and testimonial dinner.

Arne Duncan
September 18, 2013

Louis L. Levine, M.A., L.H.D., C.S.W.
President and Chief Executive Officer
New York College of Podiatric Medicine
53 East 124th Street
New York, NY 10035

Dear Mr. Levine:

On behalf of the U.S. Department of Health and Human Services, I commend the faculty and alumni of the New York College of Podiatric Medicine (NYCPM) for your many contributions to the health and well-being of the American people.

During this year’s Convocation and Testimonial Dinner, NYCPM will honor three women graduates with degrees of Doctor of Humane Letters for their commitment to high-quality patient care and for their community service.

I am pleased to join you in acknowledging the achievements of Dr. Susheel Bathla, CEO and primary podiatric physician at Staten Island Podiatry; Dr. Kathleen Reilly Fallon, Board-Certified Wound Care and Foot and Ankle Specialist and podiatric surgeon with Manhattan’s Midtown Health Center; and Dr. Halina M. Semla-Pulaski, currently in private practice in Copiague and Brooklyn, who served at the Glubczyce District Hospital in Kietrz, Poland.

Congratulations to Drs. Bathla, Reilly Fallon, and Semla-Pulaski on their special recognition, and best wishes to NYCPM for much future success.

Sincerely,

[Signature]
Kathleen Sebelius
November 14, 2013

Dear Friends:

It is a pleasure to send greetings to everyone gathered for the Annual Academic Convocation and Testimonial Dinner of the New York College of Podiatric Medicine.

The Empire State is proud to be home to distinguished institutions of higher learning, recognized for their leadership in specialized fields of healthcare. As the nation’s oldest and most prominent school of podiatric study, the New York College of Podiatric Medicine celebrates its longstanding tradition of providing an outstanding program of study and training to those entering the field of podiatry.

With its comprehensive and challenging curriculum, the College continues to attract a student body comprised of culturally diverse and bright-minded individuals. This evening, you proudly celebrate a first in your school’s history, as you honor three women — all graduates of the College — for their commitment to healthcare, podiatric medicine, and community service. I join in congratulating these distinguished alumnae on being recognized by a community of colleagues and academic peers.

Warmest regards and best wishes for a memorable celebration.

Sincerely,

ANDREW M. CUOMO
November 14, 2013

Dear Friends:

I am pleased to extend greetings to everyone attending the 2013 Convocation and Testimonial Dinner for the New York College of Podiatric Medicine.

Since its inception, NYCPM has been dedicated to promoting excellence in medical education for students seeking careers as doctors of podiatric medicine. This dinner benefits the NYCPM Student Scholarship Fund, which assists a number of outstanding students each year. I commend the College and all those attending tonight’s dinner for investing in the future of NYCPM medical students.

I also congratulate Dr. Susheel Bathla for being recognized with the honorary degree of Doctor of Humane Letters from NYCPM. This prestigious honor is testament to her dedication to healthcare and her outstanding contributions in the field of podiatric medicine.

Best wishes for an enjoyable evening.

Sincerely,

Chris Christie
Governor
November 14, 2013

Dear Friends:

It is a great pleasure to welcome everyone to the New York College of Podiatric Medicine’s Annual Convocation and Testimonial Dinner.

By expanding the use of preventative care and increasing the quality of the services offered in our hospitals and clinics, we have made amazing gains in public health over the past decade, and New Yorkers are living longer than ever before as a result. As we work to provide even more people with access to the treatments they need, we are delighted to have the support of world-class medical institutions like NYCPM. For more than a century, this school has provided its students with unparalleled academic training and the chance to participate in residency and post-graduate programs at world renowned health care facilities. Many of its graduates have gone on to become leaders in the field of podiatry, and we applaud NYCPM and all those associated with it for their commitment to offering top-quality care to people across our City and beyond.

On behalf of all New Yorkers, congratulations to this year’s honorees – Dr. Susheel Bathla, Dr. Kathleen Reilly Fallon, and Dr. Halina M. Semla-Pulaski. Please accept my best wishes for a wonderful event and continued success.

Sincerely,

Michael R. Bloomberg
Mayor
November 14, 2013

Dear President Levine:

On behalf of the New York State Department of Health, I would like to congratulate the New York College of Podiatric Medicine (NYCPM) for its 2013 Convocation and Testimonial Dinner to benefit the NYCPM Student Scholarship Fund. This year is the first time the event will recognize three women in podiatry for their achievements in healthcare and podiatric medicine, as well as their contributions to community service.

The honorees are Susheel Bathla, D.P.M., the chief executive officer of Staten Island Podiatry; Kathleen Reilly Fallon, D.P.M., a board-certified wound care specialist and foot and ankle specialist at the Midtown Health Center in Manhattan; and Halina M. Semla-Pulaski, D.P.M., who is in private practice in Copiague and Brooklyn, New York.

All three are graduates of NYCPM and have extensive experience in their respective fields. They will each receive the honorary degree of Doctor of Humane Letters, the most prestigious award at NYCPM.

As the nation’s oldest College of Podiatric Medicine, the NYCPM must take great pride in the generations of podiatrists who have graduated from your school. The accomplishments of these three podiatrists are the latest to garner recognition, but will certainly not be the last.

Congratulations on this special occasion.

Sincerely,

Nirav R. Shah, M.D., M.P.H.
Commissioner of Health
November 14, 2013

Dear Friends,

Greetings to everyone gathered here tonight at the New York College of Podiatric Medicine (NYCPM) Annual Convocation and Testimonial Dinner!

One of the great privileges and joys of serving on the City Council is being able to see first-hand the extraordinarily good work being done by so many groups and organizations around the city. In neighborhoods all across the five boroughs, these groups are working hard to help make everyone’s quality of life better and ensure that our city continues to grow and thrive. Our city is undoubtedly better off, thanks to their care and support, and we’re so deeply grateful for their service.

On this very special night of celebration, I would like to thank the NYCPM and its dedicated staff for being one of the nation’s first medical colleges devoted to educating and training doctors in the field of podiatric medicine.

Congratulations as well to this year’s honorees, Dr. Susheel Bathla, Dr. Kathleen Reilly Fallon, Dr. Halina M. Semla-Pulaski, and all the graduates of NYCPM.

My best wishes to everyone for a fantastic event. Enjoy!

Sincerely,

Christine C. Quinn

New York, NY 10035

Dear Dr. Levine,

It is with tremendous pleasure, pride and gratitude, that I pause to congratulate the New York College of Podiatric Medicine on the occasion of your annual Convocation and Testimonial festivities. Each of the three women you have chosen to honor is an outstanding community leader. Their success is both a testament to exceptional training they gained at your venerable institution and to their dedication as healers and humanitarians.

Dr. Susheel Bathla at Staten Island, Jamaica, Queens and in Brooklyn, Dr. Reilly Fallon in midtown Manhattan and Dr, Halina M Semla-Pulaski at Copiague and Brooklyn, all operate exemplary practices, which could only be surpassed, if they were to be duplicated a thousand times over.

On behalf of myself and of the constituents I am privileged to serve, allow me to again extend my hearty congratulations and warm wishes for the continued high achievement of the New York College of Podiatric Medicine and your distinguished alumnae.

Sincerely,

New York State Senator Bill Perkins,

30th District
November 14, 2013

Louis L. Levine
President & CEO
New York College of Podiatric Medicine
53 West 124th Street
New York, NY 10035

Dear President Louis L. Levine,

I am writing to congratulate you, President Levine, honorees- Drs. Susheel Bathla, Kathleen Reilly Fallon, & Halina M. Semla-Pulaski, and the fine institution that is New York College of Podiatric Medicine for what has been accomplished since opening its doors to students in 1911. Through the years as the school has undergone transformation through several name changes, during that time also redefining and expanding its mission and goals to educate and serve a broader audience; all without compromising the quality of education.

As a representative of the 9th council district in Harlem I couldn’t be more elated that my district is home to a number of distinguished educational and training medical facilities like New York College of Podiatric Medicine. The graduates of NYCPM bear testimony to the excellence in instructional curriculum received at the college as well as the incredible commitment and dedication of President Louis Levine, teaching faculty and students. This testament is most evident through the three phenomenal women honorees serving as leaders in the field of podiatric medicine and their communities.

I proudly hold an honorary doctorate degree from the New York College of Podiatric Medicine and couldn’t be more delighted to know that three more women will do so as well.

Sincerely,

Inez E. Dickens
Dear Friends,

It is a pleasure to send my personal greetings to those in attendance at the New York College of Podiatric Medicine Convocation and Testimonial Dinner, benefiting the NYCPM Student Scholarship Fund.

I would like to thank tonight’s honoree, Dr. Susheel Bathla, Chief Executive Officer of Staten Island Podiatry, for her service to our community and her commitment to podiatric medicine and congratulate her upon receiving NYCPM’s most prestigious award, the honorary degree of Doctor of Humane Letters.

I would also like to thank Stanley S. Mandel our Chairman, Louis L. Levine our President & Chief Executive Officer, Michael J. Trepal our Vice President for Academic Affairs & Dean, the entire NYCPM faculty and everyone else who made this evening’s event such a success. You have all done a wonderful job.

I hope everyone enjoys their time at this year’s NYCPM Convocation and Testimonial Dinner. You have every right to feel the utmost pride and happiness for your numerous accomplishments. Thank you again.

Sincerely,

Nicole Malliotakis
Member of Assembly
November 14, 2013

Dear Friends,

Thank you to everyone for supporting the New York College of Podiatric Medicine Student Scholarship Fund tonight at the 2013 Annual Convocation and Testimonial Dinner.

Providing students with financial assistance for education is an admirable cause, especially in these hard economic times. I hope you all will raise a great deal of money with this event tonight to continue this admirable Student Scholarship Fund.

I would also like to congratulate the distinguished honoree:

**Dr. Halina M. Semla-Pulaski, DPM**

Her hard work, accomplishments and service to the community certainly deserve the distinction of the honorary degree of **Doctor of Humane Letters**. Thank you Dr. Semla-Pulaski for your dedicated service to the community.

Sincerely,

Joseph R. Lentol

New York, NY 10035

Dear Friends,

I am pleased to congratulate Dr. Susheel Bathla, DPM, for being selected as this year’s annual Convocation and Testimonial Dinner honoree and being awarded with the honorary degree of Doctor of Humane Letters.

Mahatma Gandhi once said “Be the change you want to see in the world.” As the Chief Executive Office of Staten Island Podiatry, Dr. Bathla has excelled in the field of podiatry, and in her own way she has made an impact in people’s lives. Her commitment to healthcare, podiatric medicine, and community service is a testament to why she has been chosen for New York College of Podiatric Medicine’s most prestigious award. Through her vision she has become a person who current students of the college can be proud to call alumna, and look to for future advice.

Once again I would like to congratulate Dr. Susheel Bathla, DPM.

Sincerely,

ANDREW J. LANZA
State Senator, 24th Dis.
November 14, 2013

Dear President Levine:

It gives me great pleasure to extend my best wishes to the New York College of Podiatric Medicine as you celebrate your commitment to healthcare and to podiatric medicine at your Annual Convocation and Testimonial Dinner. As a leader for over a 100 years you have provided a rich tradition of challenging academic curriculum for students to succeed in the discipline of podiatric medicine.

It is my distinct honor and privilege to congratulate, Dr. Halina M. Semla-Pulaski, as she receives the prestigious honorary degree of Doctor of Humane Letters for her professional and personal contributions to Podiatric Medicine, and for her community service. Dr. Semla-Pulaski’s professional foresight is a vision that inspires us all toward future success and hope for a better tomorrow. I thank her for making such enormous contributions to the community.

With warmest regards and best wishes for an enjoyable evening.

Sincerely,

Carl L. Marcellino
Dear Louis L. Levine,

I would like to sincerely honor Dr. Susheel Bathla for her commitment to the improvement of our community through the means of healthcare and service by dedicating her hard work and time.

By dedicating her time to podiatric medicine and healthcare in general, Dr. Bathla has positively affected the lives of many citizens in New York State. She has truly earned the New York College of Podiatric Medicine’s most prestigious award, the honorary degree of Doctor of Humane Letters.

Once again, congratulations to Dr. Bathla on receiving such a prestigious award. I wish her and The New York College of Podiatric Medicine best of luck for the future.

Sincerely,

Upendra Chivukula
NJ State Assemblyman

September 23, 2013

Dear Dr. Bathla,

Please accept my congratulations on being honored by The New York College of Podiatric Medicine and on receiving the College’s honorary degree of Doctor of Humane Letters, the College’s most prestigious award in recognition of your accomplishments and involvement in your community. Your hard work and commitment to healthcare, to podiatric medicine, and to community service is commendable. You should be very proud of this accomplishment.

I wish you the best of luck and success in the future. Please feel free to contact me if I can be of assistance to you or your family.

Sincerely,

Jon M. Bramnick
Assemblyman

JMB:pp
Dear President Levine,

It is with great pleasure that I write to you today to congratulate Dr. Halina M. Semla-Pulaski who will be receiving the College’s most prestigious award, the honorary degree of Doctor of Humane Letters, for her commitment to healthcare and to podiatric medicine, and for her community service.

It is my honor to bring you greetings on the occasion of the New York College of Podiatric Medicine’s annual Academic Convocation and Testimonial Dinner, which benefits the Student Scholarship Fund. NYCPM has long been a leader in providing quality podiatric medical education for its students. Tonight, I also recognize the hard work of the faculty, students and alumni at this College.

Congratulations once again on a great year. I know that New York College of Podiatric Medicine, will continue to be an integral part of the community. Have a great dinner!

I extend my sincere wishes for a wonderful evening, and continued success.

Best Wishes,

Stephen Levin
Council Member, 33rd District
November 14, 2013

Dear Friends,

I am pleased to join all of you who have gathered to celebrate the success of The New York College of Podiatric Medicine on the occasion of its Annual Convocation and Testimonial Dinner.

The New York College of Podiatric Medicine, the nation’s oldest and most prominent college of podiatric medicine is deserving and worthy of the esteem of Nassau County for their selfless service to the community through its many educational programs and services.

This wonderful institution is to be commended for providing the means through which generous acts of public service and hours of dedication can be demonstrated.

This year’s event gives us the opportunity to recognize the achievements of its guest of honor, Halina M. Semla-Pulaski, DPM, the recipient of the honorary degree of Doctor of Humane Letters and to all of you who have worked toward forwarding the goals of this fine organization throughout the year.

Best wishes for continued success in all your endeavors.

Sincerely,

Edward P. Mangano
Nassau County Executive

President Louis L. Levine
New York College of Podiatric Medicine
53 East 124th Street
New York, NY 10035

Dear President Levine,

I would like to extend my sincere congratulations to Dr. Susheel Bathla for receiving the honorary doctorate of Humane Letters at the Annual New York College of Podiatric Medicine Convocation and Dinner.

Dr. Bathla has earned this distinguished degree not only for her professional commitment to podiatric medicine but through her personal commitment as well. Dr. Bathla has dedicated many years to the medical profession and used her talent and experience to help those in her community and beyond with the challenges facing podiatric medicine.

I would also like to recognize the New York College of Podiatric Medicine on its extraordinary preparation of students for the medical profession. Graduates from NYCPM pursue careers as doctors, educators, and researchers who each contribute to podiatric medicine. No one better illustrates the college’s success than Dr. Susheel Bathla.

Again, my warm congratulations to Dr. Bathla and best wishes for continued success in all of her endeavors.

Sincerely,

[Signature]
