## **Shapiro Takes Cold Dive – For Charity**

According to PM News, Andrew Shapiro, DPM ('86), president-elect of the New York State Podiatric Medicine Association (NYSPMA), took a plunge into the icy Atlantic Ocean from Long Beach, NY on Super Bowl Sunday – for a good cause. This was the 8th year in a row that he participated in this event for Make-A-Wish Foundation; more than 5,000 people jumped into the Atlantic Ocean for the 18th annual Long Beach Polar Bear Club Dip. Organizers expect to raise well over a half a million dollars from this event. To date, they've raised more than \$3.5 million to grant wishes for kids with life-threatening medical conditions.
