On Saturday, October 22, thirty podiatry students provided medical support for the Rock 'N Roll 10K in Prospect Park in Brooklyn. The students, coming from the classes of 2013, 2014, and 2015, treated a variety of medical problems, from muscle strains to blisters. The podiatry volunteers were able to gain experience in sports medicine while taking a break from their studies. NYCPM was also represented by two student runners, Joseph Schmidl and Rene Kafka. This was the first Rock 'N Roll event held in New York City, and is expected to return next year as a half marathon. Podiatry volunteers worked under Robin Lenz, the Podiatry Captain, and included:
