NYCPM Students Create Tribute to the Late Dr. Keith Springer

When the NYCPM Student Association learned of faculty member Dr. Keith Springer's illness in late March, they created a "care package" consisting of a custom crossword puzzle poster that many members of the NYCPM community signed, along with get-well wishes. They planned to give the oversize puzzle to Dr. Springer, with a Kindle Fire and gift cards for movies and crossword apps. Sadly, Dr. Springer passed away before anything could be given to him. Last week, the Student Association framed the poster and presented it to Dr. Springer's family. The Kindle was returned, and a donation in Dr. Springer's memory was made to the John Theurer Cancer Center in Hackensack, NJ.

Spring-er Fever

ACROSS

- 6 Armstrong's locomotion for mankind
- 7 Fusion of the middle and distal phalanges
- 8 Royal tea infused with bergamot
- 18 Nerve that innervates the dorsal distal tip of the 3rd toe
