2018 Residency Fair Was … Big!

Late July’s 2018 Residency Fair was a big success – big in welcoming 63 residency programs from 14 states to NYCPM! Eight-seven students from the Class of 2020 attended the fair, aided by 23 volunteers from the Class of 2021 as well as three volunteers from the January Class of 2022. Many of the program tables were staffed by NYCPM alumni, a big help to the third-years who seek on-the-ground information. Kudos to the organizers (see photo) and all volunteers and many thanks to event sponsor Bako Diagnostics.
