NYCPM Residency Fair a Success!

At the Fair, the Student Coordinators posed with Dr. Iorio at the EO2 booth.
Left to right: Heba Jafri, Dr. Iorio, Paul Marinos and Farah Naz (all 2021).

Sixty-eight programs from across the US, but primarily the Northeast, presented at NYCPM’s 2019 Residency Fair on July 26. Attended by all third years and some second-year students, the fair is a valuable way for third-year students to meet representatives from dozens of health programs to explore for externships and residencies. Kudos to Residency Fair Student Coordinators Heba Jafri, Paul Marinos and Farah Naz, all Class of 2021, for putting the fair together, thanks to Anthony Iorio, DPM (’81), MPH, for securing sponsors for the fair, and to EO2 and Bako Dx, for their kind contributions.

The Residency Fair was followed by an alumni reception with wine and cheese for our returning graduates and others.
