

Message from the President Re: COVID 19

As is true of all of our lives and our institutions, NYCPM has been affected by and is responding to the COVID-19 pandemic. First and foremost, our responses are guided by our concern with the health and well-being of our students, patients, faculty and staff, as well as by our focus on the ongoing successful education of all of our students.

In that regard, all student education continues online; testing is online. Our library, a great student resource, functions online as well. NYCPM faculty and students still care for patients through a limited FCNY schedule, and via limited hospital rotations.

We urge you to visit the homepage of our website, www.nycpm.edu, to read the latest updates of the College's responses. Please stay safe and stay well.

Louis L. Levine
